- The Challenger MT200 Series compact tractors feature up to 20% more operator area than the major competitive compact tractors.
- 200 Series tractors are built for operator safety with seat belts and Rollover Protective Structure (ROPS) as standard equipment. Certain models offer folding ROPS to allow for extra-low clearance when you need it.
- All MT200 Series tractors feature rugged steel hoods and fenders for added durability.
- Available with your choice of R4 industrial, R3 turf, or R1 ag tires.
- Available with LSW radial for golf course MT265 — MT285.
- More than 25 key features preferred by compact tractor users including 4WD, power steering, and choice of standard, shuttle and hydrostatic transmissions.
- Rugged, cast-iron construction.
- A full range of implements and attachments are available to meet all your working requirements.
